

## **SURF LIFE SAVING AUSTRALIA – NATIONAL MEMBER AWARD SYLLABUS**

# **ADVANCED RESUSCITATION TECHNIQUES**

# **CERTIFICATE**

---

### **AWARD SUMMARY**

The aim of this course is to provide participants with the skills, knowledge and application of oxygen, airway management devices, and automated external defibrillators during resuscitation, and to administer oxygen to conscious and unconscious breathing casualties.

### **UNIT/S OF COMPETENCY**

This award is aligned to the following core unit of competency:

- HLTAID007 Provide advanced resuscitation

In addition, the award may also be aligned to the following optional units of competency:

- PUAEME003C Administer oxygen in an emergency situation
- PUAOPE010C Operate an automated external defibrillator in an emergency situation

### **PRE-REQUISITES**

Candidates must meet ALL of the following conditions:

- be at least 15 years of age on the date of final assessment
- hold **one** of the following SLSA awards
  - Bronze Medallion/Certificate II in Public Safety (Aquatic Rescue)
  - First Aid
  - Resuscitation

### **RPL AND CREDIT TRANSFER**

Candidates who believe they already possess some or all of the skills and knowledge of this award, or who have received one or more of the related units of competency, may wish to apply for Recognition of Prior Learning (RPL) or Credit Transfer. These candidates should consult their Training Officer or State Centre for more information.

### **WHO CAN TRAIN?**

- Training Officer Advanced Resuscitation Techniques, OR
- Facilitator Advanced Resuscitation Techniques (currently endorsed as per state requirements)

### **NATIONAL LEARNING RESOURCES**

- Advanced Resuscitation Techniques Learner Guide
- Advanced Resuscitation Techniques Delivery & Assessment Guide
- Advanced Resuscitation Techniques RPL Kit
- Advanced Resuscitation Techniques Certificate PowerPoint

## **SURF LIFE SAVING AUSTRALIA – NATIONAL MEMBER AWARD SYLLABUS**

# **ADVANCED RESUSCITATION TECHNIQUES**

# **CERTIFICATE**

---

Note that learners should also have access locally to:

- CPR training manikins – adult and infant
- OP airways
- suction devices
- training defibrillator
- airway trainer manikin
- oxygen equipment
- selection of oxygen masks with tubing, nasal cannula, therapy mask with oxygen port, thermometer
- first aid kit
- appropriate forms and documentation
- computer (laptop), data projector and screen

### **LEARNING OUTCOMES**

- Respond to an emergency situation
- Perform primary (DRSABCD) and secondary (vital signs) assessment of the patient
- Perform advanced resuscitation, including use of oxygen equipment, oropharyngeal airways and suction
- Communicate details of the incident
- Complete documentation
- Evaluate the incident and own performance
- Restore equipment ready for use

### **WHO CAN ASSESS?**

- Assessor Advanced Resuscitation Techniques, OR
- Facilitator Advanced Resuscitation Techniques (currently endorsed as per state requirements)

### **ASSESSMENT**

Assessment is through demonstration, presentation and application of all elements of competency in the workplace. Participants will be required to complete activities that may include role-plays, oral and written questioning, practical demonstrations and performing scenarios.

### **PROFICIENCY REQUIREMENTS**

For this award to remain current candidates must perform an annual proficiency check.
